

ASSEMBLY INSTRUCTIONS

1. Carefully unpack and identify all parts referring to illustration for parts identification.
2. Turn the power to the installation point OFF.
3. Feed the wires through character line deduction (A 1) to the desired length and secure with screws.
4. Refer to the additional installation instructions included with the product for wiring and installation.
5. Connect the wire as Fig.1.
6. Install the Cap (5) and shade (6) onto the socket (4) and secure with socket ring (7).
7. Install proper bulbs (not included) into each socket referring to the markings and/or labels on the fixture for maximum wattage.
8. Restore power to the installation point and retain this sheet for future reference.
